CITY TAKES OVER WATER WORKS JULY 1

OWNERSHIP TO BECOME EFFECTIVE JULY 1

Mayor A. N. Green, Roy Baskin, city attorney, and W. H. Stafford, city secretary were in Austin Monday, June 19 to complete arrangements for the purchase of the Community Public Service here.

City Council authorized these men to take necessary procedure in securing the water works and the city will become owner of this public service, effective July 1.

Bennett L. Smith, vice-president and attorney for the Community Public Service met the Cameron representatives at the American National Bank where \$375,000.00 of Bonds were issued and of this amount \$350,000.00 were sold and \$300,000.00 was paid to the Water Co. The amount of \$25,000.00 will be used for new water tank or other needed equipment or overhead expense. The remaining \$50,000.00 can be sold at anytime necessary, probably for a filtering system.

It will take a period of 30 years for this public service to pay for itself after this time the city will realize an additional income of around \$20,000.00 a year.

This new undertaking by the City of Cameron is the first major step toward progress and advancement in several years.

WOMACK BRASHEAR ANNOUNCES CANDIDACY

Womack Brashear, well known Cameron resident, is a candidate for re-election for the office of Justice of Peace in Precinct 1, subject to the Democratic Primary election to be held on Saturday, July 22.

Mr. Brashear in making his formal announcement said that he was well pleased with the encouraging support from all sections of the precinct.

Mr. Brashear, born and reared in this county, has devoted his full time and interest to the office which he now holds and having lived in the county all of his life, he is well acquainted and believes that he can continue to serve the people fairly and impartially as he has done in the past.

Precinct 1 is composed of Cameron, Elm Ridge, Ad Hall, Curry, Marlow, Rice, Minerva, and Salem where he is especially well known. He has lived in Cameron and surrounding communities all of his life and has always been interested in the welfare of his friends and neighbors. Mr. Brashear feels that he is well qualified for the office and is already making an active campaign among the voters of his precinct.

In seeking another term Mr. Brashear stated that the experience he has had in the past will enable him to render better service to the people in the future.

Mr. Brashear said that he hopes to see each voter of Precinct 1 and ask for their vote and support and wishes to express his appreciation to the voters for their encouragement and support.

Local Business Has Light Fire

Cameron Ice Cream Co., was the scene of a minor fire disturbance early Wednesday morning before opening hours of the business establishment.

The fire was discovered by a small boy while passing down the sidewalk outside the establishment who reported the disturbance. The fire department was summoned and the fire was extinguished after firement were compelled to crash the company window.

Fortunately, damage to the company was only slight. Causes of the fire are attributed to waste paper under the cash register which apparently was set aflame by spontaneous combustion.

Dr. and Mrs. Bruce Sanders and son of Paris spent the week end with their grandparents, Mr. and Mrs. Jim Laird. Bond Laird of Galveston has returned to his work after having spent some time with his parents Mr. and Mrs. Laird and other relatives.

THREE DAMS PROPOSED FOR BRAZOS

HIGHWAY OFFICIALS TO MEET JUNE 27

HIGHWAY 77 MEETING TO BE HELD JUNE 27

U. S. Highway 77 Association will hold a meeting on Tuesday, June 27 at 10 a. m. in the district court room in Cameron.

This association was organized in February 1950 and is composed of representatives from cities and counties through which Highway 77 passes.

The purpose of this organization is to advertise and promote highway 77 as the most direct route from Canada to Central America. This will be the third meeting held by the association this year.

V. M. Lancaster of Bishop is the hired executive manager of the association; other men who hold important positions are: president Ruegen F. Sliva of Lott, vice-president Judge Oscar Dancy of Cameron County, Brownsville and C. T. Nall of Waxahatchie, publicity chairman, Ralph Kilgore of Rosebud and L. G. Smith, manager of local Chamber of Commerce, secretary-treasurer.

Milton Schiller, president of Cameron Jaycees, is Milam County's director in the association. Each county represented in the association has one director representing them.

U. S. Highway 77 begins in Winnipeg Canada and passes through some of the industrial centers in the United States.

Election Called By Cameron School Board

At a meeting of the Cameron School Board held on June 14 an election has been called by the Board of Trustees of the Cameron Independent School District to authorize a local maintenance tax of 75c in the new school district composed of Cameron, Salem, Hoyte and the northern part of the old Minerva district.

The election is to be held on June 28 at the City Hall in Cameron.

The effect of the new tax, if voted, will be to continue the tax already in effect, except in Minerva where the present rate is slightly lower. This election will comply with the Gilmer-Aikin Law.

SMITH SAYS: ITS TIME FOR A CHANGE

This newspaper is requested to publish the following statement made by Chas. C. Smith, Jr., Cameron attorney, in connection with his announcement that he is a candidate for the office of County Attorney of Milam County:

"There is wisdom in the old saying that if at first you do not succeed, try again. So I am undertaking this, my second campaign for this office, with the hope and feeling that this time the result will be different.

"In the first place, my opponent will have held this office for almost seven years when his present term has expired, during which time he has been paid nearly \$30,000.00 of your money. I think that is enough for one man to expect of you, and that a regard for the rules of democratic fair play will cause you to feel that it is time to give some one else a chance.

"In the second place, many of the people of Milam County are dissatisfied about certain things which have occurred too frequently during my opponent's administrations to be mere coincidences. I remind you that you have the right to examine and inquire into his record and to do something about it if it does not come up to your expectations.

"You know that the law fixes certain duties for the County Attorney to perform. Hundreds of people throughout Milam County are saying (turn to page ten)

Valon Fogel Remains In Serious Condition Following Collision

One man was seriously injured and three cars were heavily damaged in an accident at the intersection at North Fannin and East 11th Street about 5 p. m. Friday, June 16.

Valon Fogel, line serviceman for Southwestern Bell Telephone Co., was rushed to the St. Edward Hospital where it was disclosed that he had received a fractured spine, several head injuries and abdominal distress. After several x-rays were taken Saturday an operation was performed and latest reports Monday morning that his condition still remained very serious.

Clarence Simank suffered only slight head injuries when he was thrown against the windshield of his automobile.

Fred Reno, owner of the Milam Coffee Shop, fortunately escaped with out injuries.

PRELIMINARY REPORT GIVEN ON CENSUS

Mayor A. N. Green received word from W. H. Skelton, district supervisor of Census at Waco, that preliminary figures show that Cameron's population for 1950 is 5,227.

This tabulation gives Cameron only 187 populas addition since 1940 as the official total in that year was 5,040.

W. H. Cook, editor of the Rockdale Reporter, announced this morning that the preliminary figure of the City for Rockdale is 2,311, showing an increase of 203 in the past decade. He said that the 1940 population for Rockdale was 2,108.

Figures for Cameron's population have been very disappointing to the people here as many in the city had hopes for a 6,000 mark in 1950.

LITTLE THEATRE WILL PRESENT 3-ACT COMEDY

Plans which were begun last week for the organization of a Cameron Little Theatre for local talent has materialized when it was announced that "An Imaginary Invalid", a three-act comedy by Moliere, will be the first play to be put on by the Little Theatre. This information was released by Robert Johnson, director of the theatre.

A meeting will be called next week for try-outs for the play. Now that a very definite step has been taken in the organization of the theatre, everyone interested in the project is urged to call Mr. Johnson at 128. With such cooperation among interested persons, the Little Theatre can become an important factor in greater cultural enjoyment for the community.

The theatre is being sponsored by the Cameron Junior Chamber of Commerce.

FARM TO MARKET ROAD COMPLETED

The farm to market road from Thorndale to San Gabriel was completed this week.

The construction on the project began the latter part of last year, with new bridges built and road re-routed in places since that time.

The final stage of topping the road began on Monday morning and was completed by Tuesday night. The shoulders of the road were shaped Wednesday, completing the project.

The farm to market roads in Milam County have become a necessity since this county for a number of years has had to expedite its produce to state and out of state markets.

CAMERON MINISTER TO FAIRFIELD CHURCH

Dr. W. R. Hall, minister of the First Presbyterian Church of Cameron, requested the congregation in a duly called meeting to unite with him in his request to Central Texas Presbytery, meeting in a called session at the First Presbyterian Church in Waco Thursday, June 22 to dissolve relation, now existing, to become effective July 1.

This action is being taken that Dr. Hall may accept a call which has been extended from the First Presbyterian Church at Fairfield.

Dr. Hall was ordained to the ministry in 1913 at Marlin by Central Texas Presbytery where he held his first pastorate.

Dr. Hall has an A. B. degree and also an honorary M. D. D. degree from Austin College; A. B. D., degree from the Presbyterian Theological Seminary at Austin and a Masters degree from the University of Texas.

Other Presbyterian Churches that he has served as pastor in Texas are at Milford, McKinney, Manhattan Church, El Paso, First Church Corsicana where he was pastor for 13 years and has served as pastor of the First Church in Cameron at two different times, the first being in 1916-1918. He was superintendent of the Home Mission Committee in Central Texas Presbytery for a number of years before coming to Cameron for two years.

In 1944 and 1945 he served as moderator of the Synod of Texas U. S.

During his ministry he has been called upon to deliver many Baccalaureate Sermons. Some of these were at the Presbyterian Theological Seminary at Austin, TSCW at Denton, WTSC at Canyon, SWSTC at San Marcos and NTSC at Denton.

Dr. Hall has been very active in the Minister's Association here in Cameron for the past two years and has been an exceptional leader in his ministerial work throughout the State of Texas.

Citizens here realize the great loss of Dr. Hall in his going to Fairfield but people of that city and surrounding communities will be fortunate to have a man so highly valued in the ministry to come to serve as pastor of their church.

His services to the Presbyterian Church here and to other churches have been highly appreciated and his beaming personality is something few men are blessed with. His untiring effort has been a blessing to members of his church and his high ideals have been impressed upon the hearts of all who have known him. He is one of the few remaining noted men of the ministry of the day and his work is a reflection of his esteemed character.

Jones Prairie H. D. Club Sponsors Party June 30

The Ladies H. D. Club of Jones Prairie are giving a party at the Community Center at Jones Prairie on Friday night, June 30 at 8 p. m. Sandwiches, pies and drinks will be available.

Candidates are invited and will be given an opportunity to announce their candidacy. Come and bring your friends.

BARN AND GARAGE BURNS

A barn and double garage belonging to Rev. P. L. Caperton on South College, across Santa Fe tracks caught fire and burned around 6 p. m. Monday, June 12. Merchandise belonging to Narvey Caperton, son of Rev. Caperton stored in the barn was lost. The cause of the fire had not been determined.

R. L. Batte Improving At His Home Here

R. L. Batte, Sr., widely known rancher and industrialist of Cameron, accidentally fell at his office on South Houston last Thursday.

Mr. Batte was taken to the St. Edward Hospital where he received treatment and it was disclosed that no serious injuries were sustained. He suffered shock and minor bruises as a result from the accident.

It was reported early Monday morning that Mr. Batte was resting at the "Sycamores" and indications were that he would soon be about his regular business routine.

Mr. Batte for many years has been one of Milam County's largest farm and ranch owners and has been engaged in numerous industrial activities throughout the entire state of Texas. Until recently he was owner and operator of the Oil Mill Industries and gins in Cameron and Milam County which were purchased by the Southland Cotton Oil Mill of Paris, Texas, who own various Oil Mills in Oklahoma and Texas.

Mr. Batte has always been interested in the welfare of Cameron and Milam County and has been a leader in Civic affairs for a great number of years, but due to his advancing age has had to dispose of a part of his valued properties.

His many friends through the county are hoping that he will soon be able to be about his activities again.

MILK PRODUCTION HITS ANNUAL HIGH IN JUNE

June is dairy month. Milk production hits its annual high, and according to the U. S. Department of Agriculture, this month may set an all-time record.

Trying for a record, too, are some 4,200 Texas 4-H girls who are thinking up new ways to use the abundant supply of milk. They are participating in the 1950 National 4-H Dairy Foods Demonstration program, and will vie for the top honors in county as well as in state and national competition.

Under guidance of local club leaders and Extension agents, the 4-H's work individually and in teams to show club members and other groups the latest methods of preparing tasty, nutritious dairy foods. Favorites in the summertime menus for Texas 4-H families are ice cream, milk-drinks, frozen desserts and cottage cheese dishes.

Last year national and state honors were won by Alice Faye Davis of Leming. Gold watches also were presented to Geroleen and Grace Elaine Giesler of Victoria. They also were awarded county medals, along with 56 other 4-H Club members.

The program is arranged by the National Committee on Boys and Girls Club work and supervised by the Cooperative Extension Service.

CENSUS FIGURES SHOW MORE INCREASES

Three of the four Central Texas towns whose preliminary 1950 population totals were announced Tuesday afternoon showed slight gains over 1950 and the fourth one an even slighter loss.

District Census Director W. H. Skelton informed the mayors of the respective communities of these figures:

	1950	1940
Cameron	5,227	5,040
Marlin	7,060	6,542
Rockdale	2,311	2,136
Rosebud	1,722	1,842

Cameron thus has gained 3.7 per cent in population in the past 10 years; Marlin has picked up 7.7 per cent (turn to page ten)

BOARD MEETING HELD FOR PROPOSED DAMS

At a called meeting by Bill McIntosh, president of the Chamber of Commerce, on Monday, June 19 at 6 p. m. Oxsheer Smith, president of the Citizens National Bank, presented a proposal by the Brazos River Reclamation Board to be presented to the Federal Power Commission in Washington on June 28 for the construction of three relatively small dams.

Mr. Smith said that the cost of the three proposed dams would be \$26 million and they will be financed completely through a pledge of the net revenues from their operation over a period of 30 years and no money of the State or the District will be used in the construction of the dams, neither will the Federal government provide any money for these projects.

The net revenues from the sale of power for the 30 year period will be sufficient to retire the \$26,000,000.00 of Bonds and thereafter the district will realize above operating expenses from ownership of these 3 dams over a million and quarter dollars per year. All the power to be generated at the dams will be marketed and consumed within the State of Texas.

The three proposed dams will be situated below the District's Morris Sheppard (Possum Kingdom) Dam and above the large Government owned (turn to page ten)

Cameron Boy Scouts To Attend National Jamboree June 30

Robert Balhorn of Troop 52, and Dick Jenness, Arthur C. Martin, John Carroll Green, Edward Brady, Franklin Stewart, Troop 54 will represent Cameron at the National Scout Jamboree at Valley Forge June 30. They are among the many to go from Texas.

There won't be any doubt whether or not Texas is at the National Scout Jamboree, and neither will there be any doubt that it is the Heart O' Texas delegation.

A giant red heart and a tall bow-legged cowboy in the form of entrance gates will welcome visitors to the Heart of Texas Boy Scout Council's two troop sites at the Valley Forge Jamboree, opening June 30.

The council's delegation of 82 Scouts and Scouters, an armadilla and a great horned owl will leave for Valley Forge on one of seven special trains from the Southwest Sunday, June 25, at 2:30 p. m. The troops will assemble at the MKT Station Waco at 1 p. m. for final check-up before the departure.

Final pre-jamboree shakedown camps will be held on arrival at Valley Forge. The Heart Council will arrive two days before the camp opens to stage their shakedown camp.

Raymond L. Robinson To Serve At Yoakum

Raymond L. Robinson has offered his letter of resignation to the First Baptist Church of Cameron as its music and educational director for the coming year. Mr. Robinson, his wife, and daughter, Nelda, will leave after the 25th of this month for Yoakum where he has accepted a position with the Baptist Church.

Mr. Robinson graduated from the Southwestern Seminary with a bachelor of music and sacred music and education. Mrs. Robinson graduated from Howard-Payne College in Brownsville and also attended the seminary.

The Robinsons came to Cameron from Louisiana where Mr. Robinson was Minister of Music and Education. Both Mr. and Mrs. Robinson are natives of Texas. They have been in Cameron one year during which time they have made many friends in Cameron and vicinity, and their best wishes go with them to their new home.

Spraying And Dusting Important Now For Cotton Insect Control

By J. D. MOORE, Co. Agent

Thursday, June 15, is final day for spraying or dusting cotton in the season cotton insects control program. This has been set as the deadline because bollworms usually appear in Central Texas fields around July 10 but due to the lateness of the season, they will be here around July 15 and the one month from June 15 to July 15 will give beneficial insects an opportunity to re-establish themselves.

These insects control the bollworm threat. They eat the eggs laid by the bollworms. Poisons used in the early insect control program kill off these beneficial insects as well as the unwanted ones. So, about June 15 is the deadline for halting early season poisoning so that beneficial insects may re-establish themselves and thus help take care of the bollworm invasion.

Farmers who were able to put on the third application during the week of June 10 should stop now, and farmers who were unable to poison at all, should make one poison application between now and June 15. This is also true of farmers who did not poison during the last week and who have cotton up, but which has not yet received these applications.

Dosage should be used in full strength. For dusts, use 10 pounds per acre and for sprays, use one quart of emulsion concentrate, which is 1 1-2 pounds of actual poison per acre.

Above all things, farmers, be sure to spray at least one time because from 12 to 15 times as many weevils were found in the unsprayed fields as in the sprayed fields. Be sure that your cotton is sprayed or dusted after the late season rains.

Mr. and Mrs. Leo Laake spent several days in Houston last week visiting in the home of Mr. and Mrs. Hugo Boedeker. While there they attended the annual recital of Hallie R. Pritchard school of dancing, at Coliseum Music Hall. In the recital was the little five year old daughter of Mr. and Mrs. Boedeker, Jo Ann, who participated in the baby swing club, solo and other dances.

WATERMELONS FROM ELGIN ON SQUARE HERE

Watermelons are on the square today. Nice melons with an average weight of 40 pounds were selling at 4c per pound.

These melons came from a farm owned by John Ashcraft near Elgin. Elgin has become known as one of the best watermelon raising centers in the state with the same type and quality raised here in our own county.

Due to weather conditions this year in Milam County, melons will not reach the market until the latter part of June.

H. B. Pressley, well known farmer of Milam County, said Friday that the watermelon situation in the county was the shortest in several years but stated that several farmers in the Gause and Hanover communities had planted a large number of acres in this popular market product.

Prices this year for watermelons should remain at a good level on account of the short crop. This, likewise, has been the main cause and reason the tomato prices have prevailed at a good level. Shortage of the two crops has made the demand very heavy. Warm dry weather will likewise make the melons better in quality for the tomatoes this week are of a better taste and quality than those marketed in previous weeks.

Dr. and Mrs. Gordon G. Singleton, president and his wife of Mary-Hardin Baylor College at Belton, attended church services at the First Baptist Church and were Sunday guests in the home of Mr. and Mrs. Earl Moseley.

Mrs. Mike Taylor and Mrs. Dilbert Taylor of Milano were shopping here Tuesday.

Jo Ann Carter is visiting with her mother in Houston.

Texas Power & Light Employee Presented Valor Award June 7

Directing the restoration of electric service during the 1949 ice storm with his broken leg in a cast brought national recognition to A. L. Herriott, Texas Power & Light Company local representative at Denton, who was presented the Matthews Valor Award "for courage and devotion to duty in maintaining electric service under adverse conditions." The presentation was made at a national meeting of the Edison Electric Institute in Atlantic City, June 7.

This award is offered each year to three men in the electric utility industry of the United States who perform deeds of valor involving courage, good judgment, quick action and devotion to duty. Since its establishment in 1938, only six men have been recommended for the award which represents \$150.00 in cash, a citation and a bronze medal. The citation reads as follows:

"On the property of the Texas Power and Light Company, during a severe ice storm which began on January 26, 1949, Mr. A. L. Harriott demonstrated unusual devotion to duty in restoring and maintaining electric service.

"Mr. Herriott, a local representative at Denton, Texas, suffered a broken leg as a result of a fall from an ice-covered pole early in the

storm. With his leg in a cast and ignoring the pain, he gathered together together a temporary crew and worked almost without stopping for several days, restoring electric service to his area.

"His courageous actions and devotion to duty constitute a fine example for everyone in public service."

Mr. Herriott, whose normal duties are reading meters, making connects and disconnects, repairing broken services and things of this nature—usually working alone, has been with the Texas Power & Light Company ten years. The first four years were spent in working on a line crew and he has served as local representative in the Denton area for the last six.

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.

But four gentle coil springs, one on each wheel, are working their magic—and you *hear* rather than *feel* the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master.

For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration.

POLIOMYELITIS IS INVADING CEN-TEXAS

Polio is striking at our city once again. It was reported that this dreaded virus disease has stricken an eleven year old girl in Temple and a seven year old boy of Waco.

Dr. Charles H. Cox Jr., city health officer of Temple, announced that preliminary plans are now underway for another clean-up drive in Temple. Last year Temple had only three cases of Polio.

It was reported from Waco that Dr. N. M. Atkins, director of the City Health Unit, announced that a total of 18 cases of poliomyelitis have been reported so far this year in the county with only three cases reported at this same time last year. Both of the stricken children were admitted to the Crippled Children's Hospital Friday for treatment.

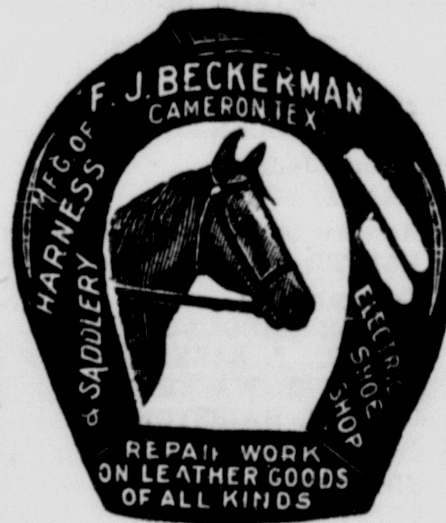

Citizens here will no doubt feel uneasy about the unsanitary conditions that still remain in the city here. Possibly after the dreaded virus strikes at our city more precautions will be enforced by the Health Unit here.

With this hazardous disease so near to our city it may impress upon the citizens here to check up on their private premises to see that they have been thoroughly and properly cleaned and closely observed, to see that our good neighbor, if the good neighbor policy exists, next door has cleaned up his personal properties.

Girl Scouts Complete Ceramic Course

A ceramics class was conducted last week by Mrs. Dewey McElwrath at her home. Fifteen intermediate girl scouts completed the course. The course consisted of cleaning, filing, and painting articles under construction, then firing and glazing them. The next step was to fire them again, then painting the article in the desired color. The articles could be decorated in any manner that the girls desired. Several vases, ash trays, and cups and saucers were made.

The course was very beneficial to the girls, as the articles make beautiful decorations for the home. Several mothers attended the class and assisted Mrs. McElwrath in the successful execution of the course.

All participants were very enthusiastic and the course proved to be very successful.

MILAM COUNTY BOYS ATTEND 4-H ROUND UP

A poultry judging team composed of Donald Gersbach, Ervalin Youngmann, Billy Schiller and Lyn Del Raney attended the Annual 4-H Club Round Up held Monday, June 12 at College Station.

These Milam County Boys are very active in all 4-H Club activities.

The story of American agriculture was unfolded Wednesday night as a colorful and stirring pageant ended the annual 4-H round-up at A&M College.

The pageant, presented at Kyle Field, depicted the progress man has made in tilling the soil and producing good livestock from the days of early shepherds.

This was the first such pageant attempted as part of the big 4-H round-up which brought 2,000 farm boys and girls to College Station. It was presented to honor more than 100 winners of statewide contests conducted as part of the round-up.

Judging and demonstration teams and dress review winners took their places on the Bermuda turf of the athletic field as Assistant County Agent Ed Langley of Hidalgo County narrated their accomplishments and told the story of agriculture in the world.

First place winners and high point individuals received special recognition as Keith Green of Dallas County and Linda Stockdale of Cochran County, playing the role of parents of a farm family, introduced them as outstanding members of the family of agriculture.

Following the pageant, a final act featuring 4-H talent was presented. This demonstrated the versatility of the farm youngsters as every imaginable talent from fiddle bands to be-bop combinations took over the spotlight.

The 2,000 boys and girls and their leaders took part in a candle lighting ceremony which ended with lights playing on the American and 4-H flags.

In Wednesday morning's general sessions, the farm boys and girls heard reports on 4-H events which have been attended out of the state by Texas representatives.

Miss Claudell Robinson, daughter of Mr. and Mrs. Claude Robinson, is attending Durham's Business College in Austin. Claudell is a 1950 graduate of Yoe High School.

Miss Marjorie Denson, daughter of Mr. and Mrs. Joe Denson of Cameron, is attending summer school in Colorado. Marjorie formerly attended Baylor University.

Miss Barbara Rae Massengale has returned from Rosenberg to visit her mother who is ill.

D. NELSON WILDCAT NO. 1 LOOKS FAVORABLE

The J. D. Nelson wildcat No. 1 located two miles east of the Minerva field in Milam County, is now down to a depth of 1245 feet.

Since drilling began the engineers have encountered a lot of cave in but are now drilling smoothly in a black shale formation. Possibilities are that they will encounter the Minerva line at approximately fourteen to fourteen hundred and fifty feet. This is where the pay should be picked up according to Oscar Schneider, contractor with the Schneider Drilling Company. It is located on the Jose Leal survey.

Sam Hohenstein said this morning that a pool of oil would probably be encountered within another hundred feet. This should create a certain amount of excitement in Cameron and surrounding communities.

Census Figures For Limestone County Released

CORSICANA, June 13—First census figures for Limestone County released today by George E. Adams, Sixth District census supervisor, show the county lost 8,675 persons between 1940 and 1950. The 1950 total is 25,106 compared with 33,781 in 1940.

Mexia was the only large community which showed a gain. The 1950 total is 6,618 compared to 6,410 in 1940, a gain of 208.

Groesbeck and Coolidge, only other communities above the 1,000 figure, both lost. Groesbeck went from 2,272 in 1940 to 2,109 in 1950. Coolidge had 1,102 in 1940 and 1,062 in 1950.

Miss Jo Ann Carter has returned from Houston where she visited several days with her mother.

LOCAL NATIONAL GUARD UNIT RECEIVES CHECKS

By LLOYD ALBERTSON

During the past few days the officers and enlisted men of the local National Guard unit, Battery C, 549th Anti-aircraft Artillery Battalion, have been receiving checks totalling \$2448.68 for armory drill pay, Captain Rudolph Michalka reported Tuesday.

This is the largest armory drill payroll so far received by the battery, he said. The checks were mailed directly to members of Battery C from the Finance Office, Ft. Sam Houston, San Antonio, in accordance with a new policy inaugurated recently. Formerly the checks had been distributed at the armory on drill night.

Reporting on other developments, Capt. Michalka said National Guard recruiting restrictions have been lifted, and five enlistments have been made in the unit recently. They are: Milush J. Kostiha, Richard Wardlaw, William H. Bickett, Woodrow Sheguit and Paul Sheguit. Kostiha and Wardlaw are former Guardsmen and were enlisted in the grade of Private.

Mr. and Mrs. Cecil Drake and baby daughter of Temple visited Mrs. Drake's parents, Mr. and Mrs. Jim Russell here over the week end. Mrs. Drake is the former Loraine Russell.

Mr. and Mrs. Edwin J. Pfluger announce the arrival of a baby daughter, Suzanne born June 9, 1950 at Seton Hospital in Austin. The Pfluger's have a son, Timothy who is three years old. Grandparents are Mr. and Mrs. Martin N. Kilian of Austin. Mrs. Pfluger is the former Frances Kilian.

Mr. and Mrs. Warren Jones and Mrs. Wilson Killen have returned from an enjoyable visit to historical points in New Orleans, Baton Rouge, Lake Charles, and other points in Louisiana.

Miss Dolores Ann Tindall has been visiting in Houston the last two weeks.

Mr. and Mrs. Milton Lehmberg and sons, James and Richard of Houston visited Mrs. Lehmberg's parents, Mr. and Mrs. B. F. Bailey the past week end.

MILAM SWEET CORN TO NORTHERN MARKETS

Milam County Sweet Corn is on the market again. It was reported today by two Milam County growers that the price and demand for sweet corn is very good and indications were that farmers selling to northern markets would be very profitable this year.

Due to the rainy weather for the entire county the corn this year is a week or ten days later than usual. In the past few years Milam County sweet corn has been on the Dallas and Oklahoma markets as early as the 25th of May.

It was said, however, that if the hot and humid weather continues the ear worms will begin to infest the corn fields and make the corn undesirable for market consumption.

For many years Milam County has been productive in the sweet corn market and if the good prices continue to prevail a considerable amount of income will be realized from the crop.

Mr. and Mrs. John Neely of Rockdale were visitors here one day this week.

Texas Freight Rate Hike Due

AUSTIN, June 15—An 8 per cent increase in Texas intrastate rail freight rates on most commodities has been authorized by the Railroad Commission.

The higher rates will go into effect about June 25. Notices of the boost, which brings most within-the-State rates in line with interstate rates upped by the ICC last August, have been mailed to carriers.

Among products excepted from the 8 per cent increase in intrastate rates were sulfuric acid in Texas to Houston; limestone to steel mills at Lone Star, Texas, and Houston; manure from Fort Worth, Houston and San Antonio to the Lower Rio Grande Valley; and sugar in carloads.

The increase will become effective 10 days after the railroads published the new rates.

Milam County Farmers Should Conserve Soil

Paul C. Graves, chairman of the Milam County PMA committee, presents some startling but true statements concerning the need today for soil conservation in Milam County and Texas.

A farmer who leaves the soil well pulverized so that the soil particles are prevented from grouping together; so that it is very dry and fine, is asking the wind to take the best top soil away, because the tiny particles take off with a minimum of difficulty.

Likewise, pulverized soil with little or no vegetative cover, free of organic matter and with natural channels in the up-and-down slope furrows, is all set to be washed away with the first heavy rain.

Heavy loss of top soil by dust storms in some areas and by floods in others serve as a warning that constant protection through conservation practices is necessary to keep land from taking off with the first heavy rain.

Of course, fine quality crops are desired by everyone. In order to produce such crops, every farmer is urged to begin today to conserve his valuable soil.

EIGHT DAY MILK STRIKE ENDS IN WASHINGTON

WASHINGTON, June 19 — The dairy strike which reduced Washington to short milk rations for eight days was settled Sunday. Workers and nine major dairies agreed upon five days work one week and six the next at no cut in weekly pay.

Seven-day operation of the plants will continue, along with every other day delivery to homes.

The AFL truck drivers and dairy employees union local which represents 1,650 delivermen and inside workers voted about 700 to 100 this afternoon to accept an agreement which had been worked out in a nightlong negotiating session under federal prodding.

Simultaneously with the settlement here, cautious hope was indicated in Pittsburgh for an end to a similar strike which had cut off virtually all milk for 10 days in seven western Pennsylvania counties.

Former Cameron Boy Opens Law Office In Pecos, Texas

Among the recent graduates of the University of Texas, was Pat McKinney Baskin, son of the late James D. Baskin and Mrs. Baskin.

Pat received his B. A. Degree in 1949 and his law degree in 1950.

While at the University, he was head of the Speakers Bureau and this year won several honors on the debate team. His radio program, "On the Spot," was quite a success also.

Pat has now opened a private law office in Pecos, Texas.

MISS WILSON WINS TRIP TO MISS TEXAS CONTEST

Miss Gwyn Wilson Saturday night won first place in the Bryan and Brazos Valley beauty contest, qualifying her as one of the nineteen candidates for the title of "Miss Texas of 1950". The Miss Texas contest will be held August the fourth and fifth in New Braunfels.

Miss Wilson, daughter of Mr. and Mrs. Leeman Wilson, is sponsored by the Cameron Junior Chamber of Commerce. She has recently completed her freshman year at the University of Texas where she was chosen one of the ten most beautiful girls in the University from the four hundred that entered. She is eighteen years old, blonde with hazel eyes and in five feet five inches tall.

Saturday's contest was held by the Bryan Junior Chamber of Commerce at Sportsmans Park in Bryan. The contestants were judged on beauty, talent, poise and personality. Comments following the contest indicated Miss Wilson excelled in all four points even though many beautiful and talented girls participated.

Prizes for the contest were presented by Miss Ysleta Leissner, Miss Texas of 1949. Miss Wilson received a check for \$100.00, a beautiful bouquet of yellow carnations, and a trophy engraved: "Presented to Miss Brazos Valley of 1950; Sponsored by the Bryan-Brazos County Junior Chamber of Commerce; June 17, 1950". This trophy may be seen in the window of the Specialty Shop, who furnished her clothing for the occasion.

Miss Wilson arrived in Bryan at noon Saturday where she was met by John Styles of the Bryan Jaycees. All the contestants had lunch together at the LaSalle Hotel. Following rehearsals a downtown parade was held. At four a tea was given in their honor by the Business and Professional Women of Bryan at "The Oaks".

The beauty contest was held at 7:30 at which time the girls were first presented in evening gowns. Miss Wilson chose a princess style formal of orchid orchandy. Following the presentation the contestants displayed their talents in a three minute performance. The Cameron candidate's selection was a piano number, Chopin's Minute Waltz.

The final review was held in bathing suits. Miss Wilson wore a

beautiful black strapless lastex suit. Elimination narrowed the field to five beauties who were questioned as to their school, hobbies, and ambitions. Of these five were chosen to place in the contest. Third place was won by Miss Juanita Hendricks of Thorndale, who received a \$25.00 award. Second place went to Miss Betty Potter of Bryan who received a \$35.00 award.

In first place Miss Wilson won \$100.00 and all expenses paid to New Braunfels for the Miss Texas Contest. She has had offers since the contest for modeling with the Corderman School of Modeling and Foley Brothers in Houston.

Cameron Minister Trains At Fort Hood

A very cancerous condition exists in American life today in that there are so many people desiring the benefits and privileges of American Democracy without assuming any of its responsibilities. The relationship between democratic and non-democratic nations is such as to impose such responsibility upon thoughtful and sincere citizens.

One citizen of Cameron who has assumed such responsibility for American Democracy is Chaplain (Major) Fred W. Carr, of 610 E. 7th St., Chaplain Carr, minister of the First Christian Church of Cameron, is now in organized reserve training being conducted at Fort Hood, Texas, and is assigned to the 358th Infantry Regiment of the 90th Division.

Lt. Gregory Trains At Medical Center

First Lt. Modene W. Gregory, 4127 Ave. 7, Galveston, a Public Health Nurse, has trained for two weeks at Brooke Army Medical Center, Fort Sam Houston, Texas, with her organized Reserve Unit, the 351st Mobile Surgical Hospital.

Officers and enlisted men and women of reserve unit in Texas, Oklahoma, New Mexico and Louisiana are receiving class room instructions in present day Medical Department techniques and developments at Medical Field Service School for four hours each day during their training period. During the other four hours, each of the 250 reservists work on a job either in Brooke General Hospital or in the school.

She is the daughter of Mr. and Mrs. A. B. Gregory, Cameron and received her nurse's training from John Sealy College of Nursing. Her active duty training ended on June 16.

Mr. and Mrs. J. E. Coston and son of Beaumont visited in the W. D. Favor home the past week end.

Friends of Mrs. Frank Griffin will regret to learn she is ill and in Newton Memorial Hospital for treatment.

Week end guests in the home of Mr. and Mrs. George McGehee were her mother, Mrs. William Rech and her brother, Frank Rech, and Mrs. Weldon Burnes of Smithville.

Herbert Holloway, son of Mr. and Mrs. J. H. Holloway, returned to Waco Sunday after a visit in Cameron.

Mr. and Mrs. L. C. Angell and son Bennie were Saturday night guests of Mr. and Mrs. Wilson at Milano. They spent Sunday visiting Mr. and Mrs. Frank Angell in Cameron.

Mrs. Dick Spoontz Given Shower Tuesday

Mesdames S. T. Sims, George Rankin and C. F. Angell were hostesses at a miscellaneous tea shower honoring Mrs. Dick Spoontz, the former Miss Bobbie Schlemmer. The shower was held in the home of Mr. and Mrs. C. F. Angell on East Hillcrest Street Tuesday evening, June 13.

Daisies and colorful roses decorated the rooms of the Angell home. The guests were greeted at the door by the honoree's mother, Mrs. A. L. Schlemmer.

Mrs. Rankin had charge of the bride's book and registered approximately twenty guests. Gifts were arranged in an adjoining room for the guests to admire. China and Crystal were beautifully arranged on a lace covered table.

The hostesses served a dainty refreshment course of pimento cheese sandwiches, potato chips, cookies and lemonade. Mrs. R. P. Cummings assisted in the serving.

The honoree received many lovely and useful gifts and thanked each

in her charming manner.

Mrs. Spoontz is the daughter of Mr. and Mrs. A. L. Schlemmer of Cameron and Mr. Spoontz is the son of Mr. and Mrs. R. A. Spoontz. The groom is a student at North Texas State Teachers College in Denton and is now employed in Gatesville. Mrs. Spoontz holds a position with the Cameron Gas Equipment Co. here. The couple will make their home in McGregor sometime in the near future.

Miss Evelyn Walters And Ray Boatright Wed

Miss Evelyn Walters and Ray Boatright were united in marriage in a ceremony performed at the Shilo Baptist Church in Crawford at 2:00 p. m. Sunday, June 18, 1950. Rev. Hubert Renfro, uncle of the bride read the single ring ceremony.

Mrs. Theo Burnett of Marlow played the wedding march.

The bride was beautifully attired in a navy blue summer crepe sheer with pink rhinestone buttons down the front of the waist and a full pleated skirt. Her other accessories were navy. She wore a white crocheted hat and a pink carnation corsage.

Mrs. Woody Finley of Houston attended the bride as Matron of Honor. She wore a white waffle pique dress with matching accessories. The groom was attended by Woody Finley.

The bride is the daughter of Mrs. C. W. Crawford of Waco and is employed by the Caperton Five and Ten Store in Cameron.

The groom is a graduate of Yoe High School and operates a Hay Baling business here.

The couple will make their home in Cameron.

Miss Lester of Waco Married Thursday

Miss Ida Virginia Lester, daughter of Judge and Mrs. Giles P. Lester of Waco and Robert Langdon Reese, son of Dr. and Mrs. Clarence H. Reese of Waco, were married Thursday evening in Austin Avenue Methodist Church with Dr. A. Norman Evans officiating.

Given in marriage by her father, the bride wore a traditional wedding gown of ivory satin designed with a yoke of marquisette outlined in Venice lace, and long sleeves which ended in petal points over the hands. Her full skirt swept into a train. Her veil of illusion was caught to a head-dress of illusion and orange blossoms. She carried a bouquet of orchids, fleur d'armour and French maline.

Mrs. Jay W. Colvin Jr. was matron of honor and Miss Dorothy Lou Baker was maid of honor. Mrs. Jesse N. Johnson and Miss Reese were bridesmaids wearing dresses of champagne marquisette with yokes and collars of matching Chantilly lace. Their cascade bouquets were of red glame-

lias and ivy. Clarence Reese was best man.

Wedding music was by Jack Henson, soloist, and Harry Lee Spencer, organist. The altar was decorated with baskets of white gladioli and marconi daisies against a background of white tapers and commodore foliage and plants.

The North Lounge of the Baylor Union Building was the scene of the wedding reception.

Mr. and Mrs. Reese left on a wedding trip to Biloxi, Miss., New Orleans, and Natchez. The bride wore a navy imported linen bolero dress with Venice lace daisies studded with rhinestones forming a diagonal line across the bodice. A cluster of the daisies was also on the bolero. Her accessories were navy.

Among the out-of-town guests for the wedding were Mr. and Mrs. R. V. Lester, Mr. and Mrs. M. B. Lester, Mr. and Mrs. Dick Young, and Miss Evelyn Harrell, all of Cameron.

Recent Bride Is Complimented With Lawn Supper Here

Mrs. Jimmy Lester, recent bride of Jimmy Lester, was complimented with a lawn supper at the country home of Mr. and Mrs. F. C. Fahrendorf on Wednesday, June 14 at 8 p. m.

During the evening, bingo and other games were enjoyed by the guests. Recipients of the bingo prizes presented their prizes to the bride.

After the games a delightful supper was served, consisting of chicken salad, stuffed tomatoes, stuffed celery, deviled eggs, congealed salad, olives, and split radishes with fruit punch and soft drinks as beverages.

Baptist Young People Attend House Party

Mrs. Earl Moseley, district young people's secretary, and Rev. and Mrs. P. A. Corkern, pastor of the First Baptist Church accompanied a group of Baptist G. A.'s and Y. W. A.'s to the annual house party at Mary-Hardin College at Belton on Wednesday afternoon at 2 p. m.

Those young people making the trip are intermediates, Charlotte Collins, Kate McLane, Virginia Graham, and Betsy Caperton; juniors, Wilma Faye Baldrige and Barbara Jo Young.

The house party is an annual affair at Mary-Hardin College and is looked forward to every June by the young girls of the church. There is a reason for this interest, too. The young people share rooms in the dormitories of the college just as if they were students there. Here they have a hilarious time together. They meet other young people from this area and Texas; they attend classes taught by leading Baptist missionaries, many of which come directly from their work in foreign lands. This association with the missionaries and then work gives each individual a cosmopolitan outlook on life that otherwise would not exist. Messages are delivered by leading pastors and evangelists of the southland.

Every G. A. and Y. W. A. attending the house party looks forward to the coronation ceremony on the last night of the party. Each girl participating in the ceremony is recognized according to her accomplishments in learning different steps concerning the Bible. As the individual learns more and more, she is advanced from lady-in-waiting to princess, from princess to queen, from queen to queen of septre. Each girl is dressed in formal attire, making an impressive ceremony.

Cameron First Church has cooperated in this affair for a number of years.

Mr. and Mrs. Bill Hayes of Houston have returned home after a visit with friends and relatives in Cameron.

D. A. R. Meets With Mrs. R. H. McIntosh

Sarah McCalla Chapter, Daughters of the American Revolution met on Flag Day, June 14, 1950 in the home of a former regent, Mrs. R. H. McIntosh. Among those present was a new member, Mrs. J. C. Freeman of Maysfield and Mrs. Bess Wright of Dallas, niece of the hostess, who assisted with hospitalities.

After ritualistic opening of Chapter, "The Star Spangled Banner" was rendered by a Flutist Quartette, Albert McCullin, Edward Brady, Jane Henderson and Martha Ann Collins.

The Chapter Regent gave a brief address calling attention to the significance of Flag Day.

The hostess, Mrs. McIntosh, presented a beautiful American Flag to Sarah McCalla Chapter. Thanks from the chapter was given by Mrs. W. G. Gillis. The Regent will be custodian of the Flag.

Miss Alice McGehee gave a comprehensive Flag Day address setting forth in words and pictures the origin and history of our U. S. Flag and its adoption by the Continental Congress, June 14, 1777 with the placing of stars for each state of the Union with the Lone Star of Texas being 28th in the galaxy of stars.

Mrs. G. A. McDermott gave the toast to our Flag as given by Eli Perkins before British diplomats.

During the social hour ice cream and cake were served.

Handbooks, "What the Daughters of the American Revolution Do" were presented by Regent to each member present.

Marriage Does Not Effect Social Security Benefits For Women

The Austin office of the Social Security Administration has been deluged with inquiries from female wage-earners recently. The ladies are disturbed by a report that they will lose their social security protection because they have married. "The women-folk have nothing to worry about," James B. Marley, manager of the Austin office said today. "Marriage does not have the effect

of cancelling or nullifying any rights to benefits earned by a woman either before or after marriage. "Approximately a million women are now receiving insurance benefits under the social security program each month. An additional three million women are permanently insured for life, regardless of whether they ever do any work in covered employment. Another fourteen million have an insured status that will enable payment of benefits to survivors in the event of their death. And more than twelve million of these are at the present time fully insured for

benefits when they attain age 65. Marriage has made, and can make no change in the rights of all these women to benefits on their own earnings under social security as long as they maintain their present insured status."

Local Man Injured Monday Accidentally

Frank Michalka injured his back on Monday when he accidentally stepped from a ladder.

He was taken to the St. Edward Hospital where he will undergo treatment. X-rays were made of his back on Wednesday, and it was discovered that he was suffering from broken vertebrae.

Mr. Michalka is a machinist and former co-owner of the Cameron Machine Shop.

His friends hope that he will soon be well again after the accident on Monday.

Gladys and Jean Matthews were guests of Mrs. Pearl Drozd Tuesday.

REVOLUTION AGAINST MILITARY GOVERNMENT

A revolutionary movement against the military government at Lima was in control of this second largest Peruvian city tonight.

Fifty persons were reported killed and 200 wounded in clashes between the rebels and government forces.

An aroused citizenry overthrew the local authorities after the police killed several striking students who barricaded themselves in the campus of the American Independence College.

Government forces remained in their barracks at the nearby resort town of Tingo, apparently awaiting orders from Lima. Thus far there had been no organized reaction against the revolution.

Order was being kept by a revolutionary "urban guard" organized by student and labor volunteers.

The rebels seized full control of downtown Arequipa today, including the city's radio stations.

A rebel spokesman broadcasting over Radio Continental, heard in La Paz, Bolivia, said in the junta's first communique that a general assembly convened at 3 p. m. to take measures for the maintenance of order and the protection of life and property.

(In Lima, Peru's capital, an official government bulletin said "disorder continued" in Arequipa. It said the revolution had been organized by the outlawed Apra Party, Communists and oppositionists "desiring to obstruct" the forthcoming July 2 Presidential elections.

Texas Farm Receipts Ahead Of U. S. Trend

WASHINGTON, June 18—The income the nation's farmers receive from crop and livestock marketings the first six months of 1950 will run about \$10,600,000,000 or nine percent under the first half of 1949, the Agriculture department said today.

Estimates for May and June still are tentative.

There are two reasons for the decline:

1. Prices farmers receive average about six percent below a year ago, and

2. The volume of marketings is down somewhat.

The decline in receipts from livestock marketings is only six percent, the department noted, compared with a 15 percent drop in crop marketings.

The drop in livestock, said the department, is relatively small except for poultry and eggs, which show a 20 percent decline. Dairy receipts are down slightly. Receipts from wheat and cotton will be down "substantially" because of lower prices and smaller marketings.

State figures are available only for the January-April 4-month period.

These show that in only five states are farm receipts from crops and livestock ahead of the comparable 4-month period in 1949, including Texas at \$39,371,000 in 1949 and \$492,264,000 in 1950.

DEFICIT RAPPED BY EIGHT DEMOCRATS

WASHINGTON, June 15—Eight congressional Democrats Thursday berated deficit spending and demanded the government "put its financial House in order."

At the same time, six Republicans accused the Truman administration of playing politics in its economics.

The eight Democrats—four Senators and four congressmen, including Rep. Wright Patman of Texarkana—constitute the majority membership of a joint congressional economic committee.

They called for a "critical examination" of the present level of government spending and suggested a complete overhauling of the tax structure to get more revenue for retiring the national debt. Aside from the Brannan farm plan, the Democrats backed the President's 12 point economic program.

Six Republican members of the joint committee said in a minority opinion that the Truman administration was running into debt because of its "political" programs like the Brannan farm plan, the national health program, rent controls, worldwide reduction of tariffs.

Murfee Tyson of Maysfield spent several days the past week in Galveston where he was in John Sealy Hospital for treatment.

Jeannette Hairgrove visited in Houston Wednesday.

Ladis Slavik has returned home after being ill and in Newton Memorial Hospital. He is reported to be much improved.

CHAMBER COMMERCE SPONSORS TALENT SHOW

The first visit for the summer talent shows being sponsored by the Chamber of Commerce will be held in Maysfield, Friday, June 23 at 8 p. m. on the school grounds, Johnny Andres, Chairman of the Trade Development Committee has announced.

Mrs. Sarah White, Chairman of the Maysfield program, will take the name of any person wishing to participate in the program. Any one with talent may enter the contest. The only qualification being that they are residents of Milam County in the Maysfield area, and the winner will be awarded first prize money, of \$10.00 in cash.

There are no age limits and no restriction as to the type of entertainment. The Yoe High School Swing Band under the direction of Francis Cox will provide music for the shows. Other entertainers from Cameron are being contacted but they will not be participating for the prize money.

These trips will be continued through out the summer months and communities to be visited will be announced prior to each trip. Citizens of Cameron are urged to attend these free shows and enjoy the fun and entertainment.

Knights of Pythias Meeting Well Attended

A class for the Rank of Page and Proficiency cards were presented to Mrs. W. O. Triggs and C. R. Allison, as a reward for the Rank work they did at the District meeting April 24, at the Knights of Pythias Lodge's meeting on Monday night.

Out-of-town visitors to the Lodge at its last meeting were Clive Pierce, Grand Chancellor of the Grand Lodge Knights of Pythias of Texas of Abilene, Texas, James Palasot, Grand Vice Chancellor of Grand Lodge Knights of Pythias of Temple, Texas, and O. B. Norman, Vice Chairman and Secretary of the Committee on Ritualistic and Secret work of Hamilton, Texas.

The local lodge announces a district meeting to be held at Bryan, Texas June 19. It is reported that a good number from Cameron will attend this meeting.

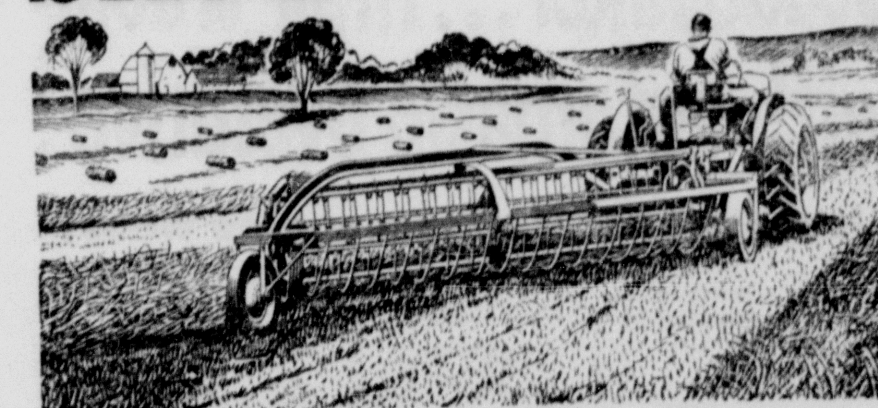

Mrs. George Rankin of Cameron was in Caldwell Wednesday visiting in the home of her mother-in-law, Mrs. Rankin.

SAVE YOUR STRAW

with the A-C Power-Driven Rake

Good straw is worth real money. Rake your stubble fields promptly after the grain is harvested. That's the way to top-notch bedding—and to extra feed value where part of the straw is used as roughage. The A-C Power Rake is built for faster field travel—to save straw economically by windrowing it quickly for modern field baling.

Look at these advantages:

1. **POWER TAKE-OFF OPERATED**—for steady raking regardless of ground travel or field conditions. Powered with any 1-pow or larger tractor with standard power take-off.
2. **SEALED ANTI-FRICTION BEARINGS**—at 33 points, including complete reel assembly, bars and cranks, wheels, power line, and transmission.
3. **CONTROLLED STEERING**—Fixed rear wheel and castered front wheel give you true trailing, even on slopes and uneven ground.
4. **TANDEM WHEEL EQUIPMENT**—available at reasonable cost for the man who needs it.

MILAM COUNTY GI LOANS SHOW SMALL DEFAULT

In Milam County, a total of 102 GI loans had been approved through May 25, 1950. Of this total 60 were for homes, 16 for businesses and 26 were for farm and farm equipment. The appraisal value of these loans, at time the loan was approved, amounted to \$616,784, and GI loans in amount of \$495,874 were approved, of which VA guaranteed or insured \$237,730.

To date only five GI loans in Milam County were defaulted to the extent that VA had to pay off the guaranteed or insured portion of the loan.

It is also interesting to note that seven GI loans in Milam County have already been paid in full on or before maturity dates.

In the city of Cameron, VA reports a total of 47 GI loans approved through May 25, 1950, carrying an appraised value of \$292,136 for which GI loans were made in the amount of \$233,588. Of this total, VA guaranteed or insured \$113,394.

CENSUS FIGURES SHOW—

(Continued from page one)
cent; Rockdale added 8.2 per cent to its population; Rosebud lost 80 persons, or 4.3 per cent of its residents of 10 years ago. Rosebud's deficit was the second reported by Skelton, the first being Mart's loss of around 500 persons.

Skelton said he would announce the preliminary figures on county-wide populations for Bell and Bospue Counties today. Coryell, already reported at 16,221, a loss of 4,005 persons, was the first of the six counties in the 11th Congressional District to be completed by the census crews.

It is expected by those familiar with the situation that Bell County

will show an impressive gain over its 1940 figures of 44,863. Its three principal towns—Temple, Killeen and Belton—already have accounted for a gain of more than 18,000 persons between them, Bosque, a rural county, probably will show a loss commensurate with that of Coryell, it is believed.

Texans are claiming another "biggest" today—the biggest city in the South—Houston.

This was the result of yesterday's announcement by the Bureau of the Census that New Orleans' 1950 population is 568,878. Ten years ago, the Crescent City was the South's largest, with a numbering of 494,537.

But yesterday, when New Orleans fell shy of the 600,000 mark, Houston apparently was in by a breeze. The Texas city's census report has not yet been released, but there was no doubt that this booming Gulf Coast metropolis has passed New Orleans in size, the United Press reported.

Mayor DeLesseps Morrison of New Orleans laid the census results partly on Houston's out-annexing the Mississippi River city.

At the other end of the State, Dallas has already outdistanced four major cities which ranked higher in the nation's 1940 population standings, and incomplete Associated Press survey showed yesterday.

The four-city hurdle assures Dallas of a new rank of at least 27, although it is expected to bow to fast-growing Houston, the No. 21 city in 1940. Thirty cities led Dallas in the 1940 count.

And, with its brand new census total of 432,805, Dallas stands a good chance of a further boost in its position, possibly to the No. 23 spot.

Dallas has shot past Denver, the nation's No. 25 city in 1940; Portland, No. 27; Atlanta, No. 28, and Oakland, No. 29.

Results are not yet available on Rochester, No. 23; Louisville, No. 25, Columbus, No. 26; and Jersey City, No. 30. But none of the cities which has reported its count has threatened Dallas' claim for a higher billing.

Census reports from other parts of Texas were made available yesterday.

The sparsely populated 16th Congressional District in far West Texas still has two of its three largest counties to hear from, but already has a nearly 56,000 bulge in population over 1940, figures released Tuesday indicated.

The six-county El Paso census district, carved out of the 16th district for census tabulating purposes, completed its county during the day and showed a 43.2 per cent gain over 1940 from 157,175 to 225,105. This city of El Paso jumped from 96,810 to 130,003.

The major portion of that increase was in the El Paso metropolitan area where a gain of 66,842 was reported. But, Hudspeth, Culberson, and Reeves Counties also showed slight increases while Jeff Davis and Presidio Counties reported declines.

Only one of seven counties in the Fourth Congressional District gained population in the last decade, a census report showed today.

Grayson County posted a small gain of 623, rising from 69,499 in 1940 to 70,122 in 1950.

The losing counties were Fannin,

Kaufman, Hunt, Collins, Rains and Rockwall.

Official returns from the 15th Congressional District census will be announced tomorrow but already "Teaks" placed McAllen's population at barely more than 20,000 and Harlingen's at 23,183.

Both Valley cities, if the figures were correct, showed healthy gains for the past decade.

In 1940 Harlingen had 13,306, McAllen had 11,887.

BOARD MEETING HELD—

(continued from page one)

ed Whitney Dam now nearing completion. Although ready for 6 months to proceed, the district has been unable to begin construction of the three new dams because of the necessity of complying with the Federal Power Act. Under the terms of that Act no State or State Agency may construct a dam at which Hydro-electric Power will be developed without first filing with the Federal Power Commission a declaration of intent to construct the unit.

If the Federal Power Commission declares the Brazos River unnavigable at these proposed dam sites construction will likely begin within the next few months.

Under the law which the Brazos District is operating all of the net profits, after payment of construction cost and operating expenses, are taken out, must be placed in the State's General Revenue Fund.

Mr. McIntosh appointed a committee composed of John Henderson, Ox-sheer Smith and A. W. McCullin to draft a resolution to be sent to our Representative and Congressman and to the newspapers in the county.

The Brazos Reclamation Board has entered into a contract with the Texas Power and Light Company to furnish electricity for the construction for these proposed dams and after completion of dams T. P. & L. will buy the Hydro-electric power from the Brazos River Board.

SMITH SAYS—

(continued from page one)
that when it becomes necessary to hire the services of a private law firm in order to secure a performance of these duties, then it is time for a change.

"If you are not already familiar with the situation about which they speak then you should investigate and inquire. This office belongs to you. There must be a reason why they think it is time to hire a new hand.

"In asking you for your vote and support I wish to make it clear that I have no connection with any lawyer or law firm anywhere, or with any office holder in your court house. I shall keep it that way.

"I believe that I have the maturity, experience and ability to make you a reasonably good County Attorney if you will give me a chance. Please remember that you have already given my opponent many chances to serve you, while I am asking you for my first."

Respectfully,
CHAS. C. SMITH, JR.
